Hi Jim,

I received a subpoena ADA Susan Dolhun of Lynn District Court requesting a discovery packet to be sent and two lab numbers [REDACTED] associated with this case are Buprenorphine tablets that you have analyzed. I am going to be putting together the discovery packet for this case because I analyzed the powders part of it. I was wondering if you're going to send out your own discovery packet for the tablets to this ADA Dolhun or would you prefer to fax me your part of the case to be sent all together? Just to let you know that lab number [REDACTED] does not have a date analyzed on the control card. Let me know what you would like to do. The fax number here is 617 983-6625 and my number is 617 983-6631.

Thank you,

Daniela Frasca
